

# THE INSIDE NEWS

Great things never come from comfort zone; dream them, wish them and do them.

## Dear Readers

A school Newsletter is a joint venture of students and teachers. The need of the hour is to firmly enable the youngsters for constructive work for their meaningful blossoming. The edifice of the school acts as a spring board for honing skills and harnessing the latent talent of the students in myriad co-curricular activities. It is believed that a thin line demarcates a good school from a truly great one. Dear students, it is my message to you all that good people live on their good values and good values, which in turn, lead to high self-esteem. During this phase of pandemic, never ever erode your values, reason may be any. So push yourself as nobody is going to do it. Let nothing become, "I can't do it".

# ALCHEMY SCHOOL - An Apex of Excellence

Alchemy School enables the children to start their careers with sparkling imagination, fertile minds and willingness to take risks with what they think to be. The school is carving a niche after niche striving for excellence and not only for success, producing spectacular results in AISSE and AISSCE, with Nikita Bansal as Surat city topper in AISSCE Commerce stream, scoring 97.6% and Divyansh Verma, the school topper in Science with 95.4%. Out of 47 students 12.7% got more than 90% and 57% got Distinctions. 16 students of AISSE scored more than 90%, with Mansha Chopra, the school topper scoring 95.2%. God be willing, the school will always upkeep the tradition, keeping the Pedestal high. "We are what we repeatedly do. Excellence, then, is not an act, but a habit because for Alchemy, Excellence is not an exception; it is a prevailing attitude".

Dear Readers

The time tested maxim goes like 'practice makes a man perfect', especially in the present day scenario. You must have also noticed the developing DIGITAL CULTURE in the children because there is no substitute to learning and the school buildings are closed but definitely, you must have noticed that the ONLINE CLASSES are becoming interesting day by day. So keep motivating your children to attend the classes regularly. I assure you they will not be the LOSERS. Encourage them to introspect themselves and understand that they have to climb all the steps of the flight of stairs.
